

NetBanker Cash Management

Empowering You to Have Complete Control

You should be able to bank when you want and where you want. NetBanker, our online cash management website allows you this opportunity. Simply login to www.cwbk.com from your electronic device and securely conduct your banking transactions. Our online banking experience is refreshing and easy to use. NetBanker does not require you to navigate pop-ups or advertisements that will distract you from what you are trying to accomplish.

Streamlined Account Management

We understand that internal controls are of the utmost importance. With NetBanker you have the ability to administer and assign access to your employees. Allow them to make all of your transactions or only allow them the ability to view transactions. You decide what works for you. If you ever change your mind, you can adjust their level of access by logging into your NetBanker account.

- ◆ **Bill Pay** – Save on checks and postage while paying bills electronically. Schedule a one-time or recurring payment to any company or individual in the county. Track bills, check payment status, and access payment history. Receive almost all of your e-statements for your bills to one location; easily decide if you would like to pay the amount due or a different amount. You can even receive bill pay reminders.
- ◆ **E-Statements** – We are conscience of our environment and ask that our clients consider utilizing e-statements to do their part for the environment as well. You no longer have to worry about finding a previous statement, as we house your previous history online for you.
- ◆ **Wire Transfers** – You save time and money by initiating wires online through NetBanker and your funds will arrive to the recipient faster. With online wires you have the freedom to approve the wire immediately. Domestic wire transfers can be submitted up to an hour and a half after the Regional cut-off time and International wire transfers can be submitted up to thirty minutes after the Regional Office cut-off time.
- ◆ **Finance Center** – Know your net worth within seconds. With one website one password and one login, you have a snapshot of your entire financial world. Finance Center works in conjunction with NetBanker, to provide you with access to almost all of your accounts whether they are held at CommerceWest Bank or another institution.
- ◆ **Automated Clearing House (ACH) Transfers** – Another environmentally friendly option to go paperless and initiate electronic payments via ACH transactions.
- ◆ **Positive Pay** – Reduces fraudulent activity and gives you the ability to validate the previous day's transactions. The money you lose and the time you have to invest when fraudulent activity occurs is not worth the headache. Be proactive by enrolling in Positive Pay.

Bank on The Difference™

OUR MISSION

CommerceWest Bank will create a complete banking experience for each client, catering to businesses and their specific banking needs, while accommodating our clients and providing them high-quality, low stress, and personally tailored banking and financial services.
